

A weaker quarter

Innofactor's Q2 results fell below our expectations both due to a minor net sales decline and one-off legal expenses. Net sales declined ~1% y/y to EUR 19.9m (Evli EUR 20.9m) while EBITDA amounted to EUR 0.6m (Evli EUR 2.1m). EBITDA included legal expenses of EUR 0.75m, without which EBITDA would have been EUR 1.4m (~7% of net sales).

- Net sales in Q2 amounted to EUR 19.9m (EUR 20.1m in Q2/23), below our estimates (Evli EUR 20.9m). Net sales in Q2 declined 1.1%. Net sales increased in Finland and Norway but decreased in Sweden and Denmark.
- EBITDA in Q2 was EUR 0.6m (EUR 1.8m in Q2/23), clearly below our estimates (Evli EUR 2.1m), at a margin of 3.0%.
- Operating profit in Q2 amounted to EUR -0.1m (EUR 1.0m in Q2/23, clearly below our estimates (Evli EUR 1.3m), at a margin of -0.7%.
- EBITDA was positive in Finland and Norway in Q2 but negative in the other countries. Innofactor booked EUR 0.75m in legal expenses due to arbitration proceedings relating to the Lumagate acquisition.
- The market situation remained difficult and new sales were challenging also during Q2. The order backlog declined by 8.9% y/y to EUR 70.4m, however, growing 2.2% q/q. Innofactor's invoicing rate fell short of targets due to the demand situation. Innofactor has adapted operations by reduced use of subcontracting and also through a reduction of the number of personnel in Sweden by some 20 percent, causing additional expenses during Q2.
- **Guidance for 2024 (reiterated):** Innofactor's net sales is expected to increase from 2023 (EUR 80.3m) and EBITDA is expected to increase from 2023 (EUR 9.1m).

Important Disclosures

Evli Research Partners Plc ("ERP") uses 12-month target prices. Target prices are defined by utilizing analytical techniques based on financial theory including (but not limited to) discounted cash flow analysis and comparative valuation. The selection of valuation methods depends on different circumstances. Target prices may be altered on the basis of new information coming to light in the underlying company or changes in interest rates, changes in foreign exchange rates, other securities prices or market indices or outlook for the aforementioned factors or other factors that may change the conditions of financial markets. Recommendations and changes by analysts are available at [Analysts' recommendations and ratings revisions](#).

Investment recommendations are defined as follows:

Target price compared to share price	Recommendation
< -10 %	SELL
-10 – (+10) %	HOLD
> 10 %	BUY

ERP's investment recommendation of the analyzed company is updated at least 2 times per year.

The graph above shows the distribution of ERP's recommendations of companies under coverage in 11th of May 2020. If recommendation is not given, it is not mentioned here.

Name(s) of the analyst(s): Salokivi

This research report has been prepared by Evli Research Partners Plc ("ERP" or "Evli Research"). ERP is a subsidiary of Evli Plc. Production of the investment recommendation has been concluded on 24.4.2024, 6:25. This report has been published on 18.7.2024, 9:30.

None of the analysts contributing to this report, persons under their guardianship or corporations under their control have a position in the shares of the company or related securities.

The date and time for any price of financial instruments mentioned in the recommendation refer to the previous trading day's closing price(s) unless otherwise stated in the report.

Each analyst responsible for the content of this report assures that the expressed views accurately reflect the personal views of each analyst on the covered companies and securities. Each analyst assures that (s)he has not been, nor are or will be, receiving direct or indirect compensation related to the specific recommendations or views contained in this report.

Companies in the Evli Group, affiliates or staff of companies in the Evli Group, may perform services for, solicit business from, hold long or short positions in, or otherwise be interested in the investments (including derivatives) of any company mentioned in the publication or report.

Neither ERP nor any company within the Evli Group have managed or co-managed a public offering of the company's securities during the last 12 months prior to, received compensation for investment banking services from the company during the last 12 months prior to the publication of the research report.

ERP may pursue an assignment from the issuer(s) of the financial instruments mentioned in the recommendation or this report. These assignments may have a limited economic or financial impact on ERP and/or Evli. Under such assignments ERP may perform services including, but not limited to, arranging investor meetings or –events, investor relations communication advisory and production of research material.

ERP has signed an agreement with the issuer of the financial instruments mentioned in the recommendation, which includes production of research reports. This assignment has a limited economic and financial impact on ERP and/or Evli. Under the assignment ERP performs services including, but not limited to, arranging investor meetings or –events, investor relations communication advisory and production of research material.

ERP or another company within the Evli Group does not have an agreement with the company to perform market making services.

For the prevention and avoidance of conflicts of interests with respect to this report, there is an information barrier (Chinese wall) between Investment Research and Corporate Finance units concerning unpublished investment banking services to the company. The remuneration of the analyst(s) is not tied directly or indirectly to investment banking transactions performed by Evli Plc or any company within Evli Group.

This report has not been disclosed to the company prior to its dissemination.

This report is provided and intended for informational purposes only and may not be used or considered under any circumstances as an offer to sell or buy any securities or as advice to trade any securities.

This report is based on sources ERP considers to be correct and reliable. The sources include information providers Reuters and Bloomberg, stock-exchange releases from the companies and other company news, Statistics Finland and articles in newspapers and magazines. However, ERP does not guarantee the materialization, correctness, accuracy or completeness of the information, opinions, estimates or forecasts expressed or implied in the report. In addition, circumstantial changes may have an influence on opinions and estimates presented in this report. The opinions and estimates presented are valid at the moment of their publication and they can be changed without a separate announcement. Neither ERP nor any company within the Evli Group are responsible for amending, correcting or updating any information, opinions or estimates contained in this report. Neither ERP nor any company within the Evli Group will compensate any direct or consequential loss caused by or derived from the use of the information represented in this publication.
