

# THE NORDICS

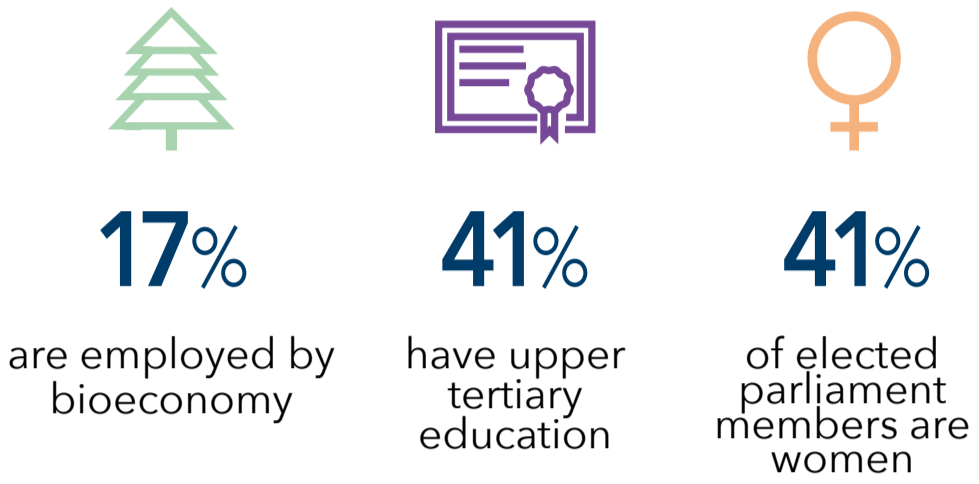

## STABLE ECONOMIES AND THE HAPPIEST PEOPLE

The Nordics are known for high quality of life, innovativeness, democracy and stability. Here's a look at what makes the region so successful.

### If the Nordics were one country, it would be...

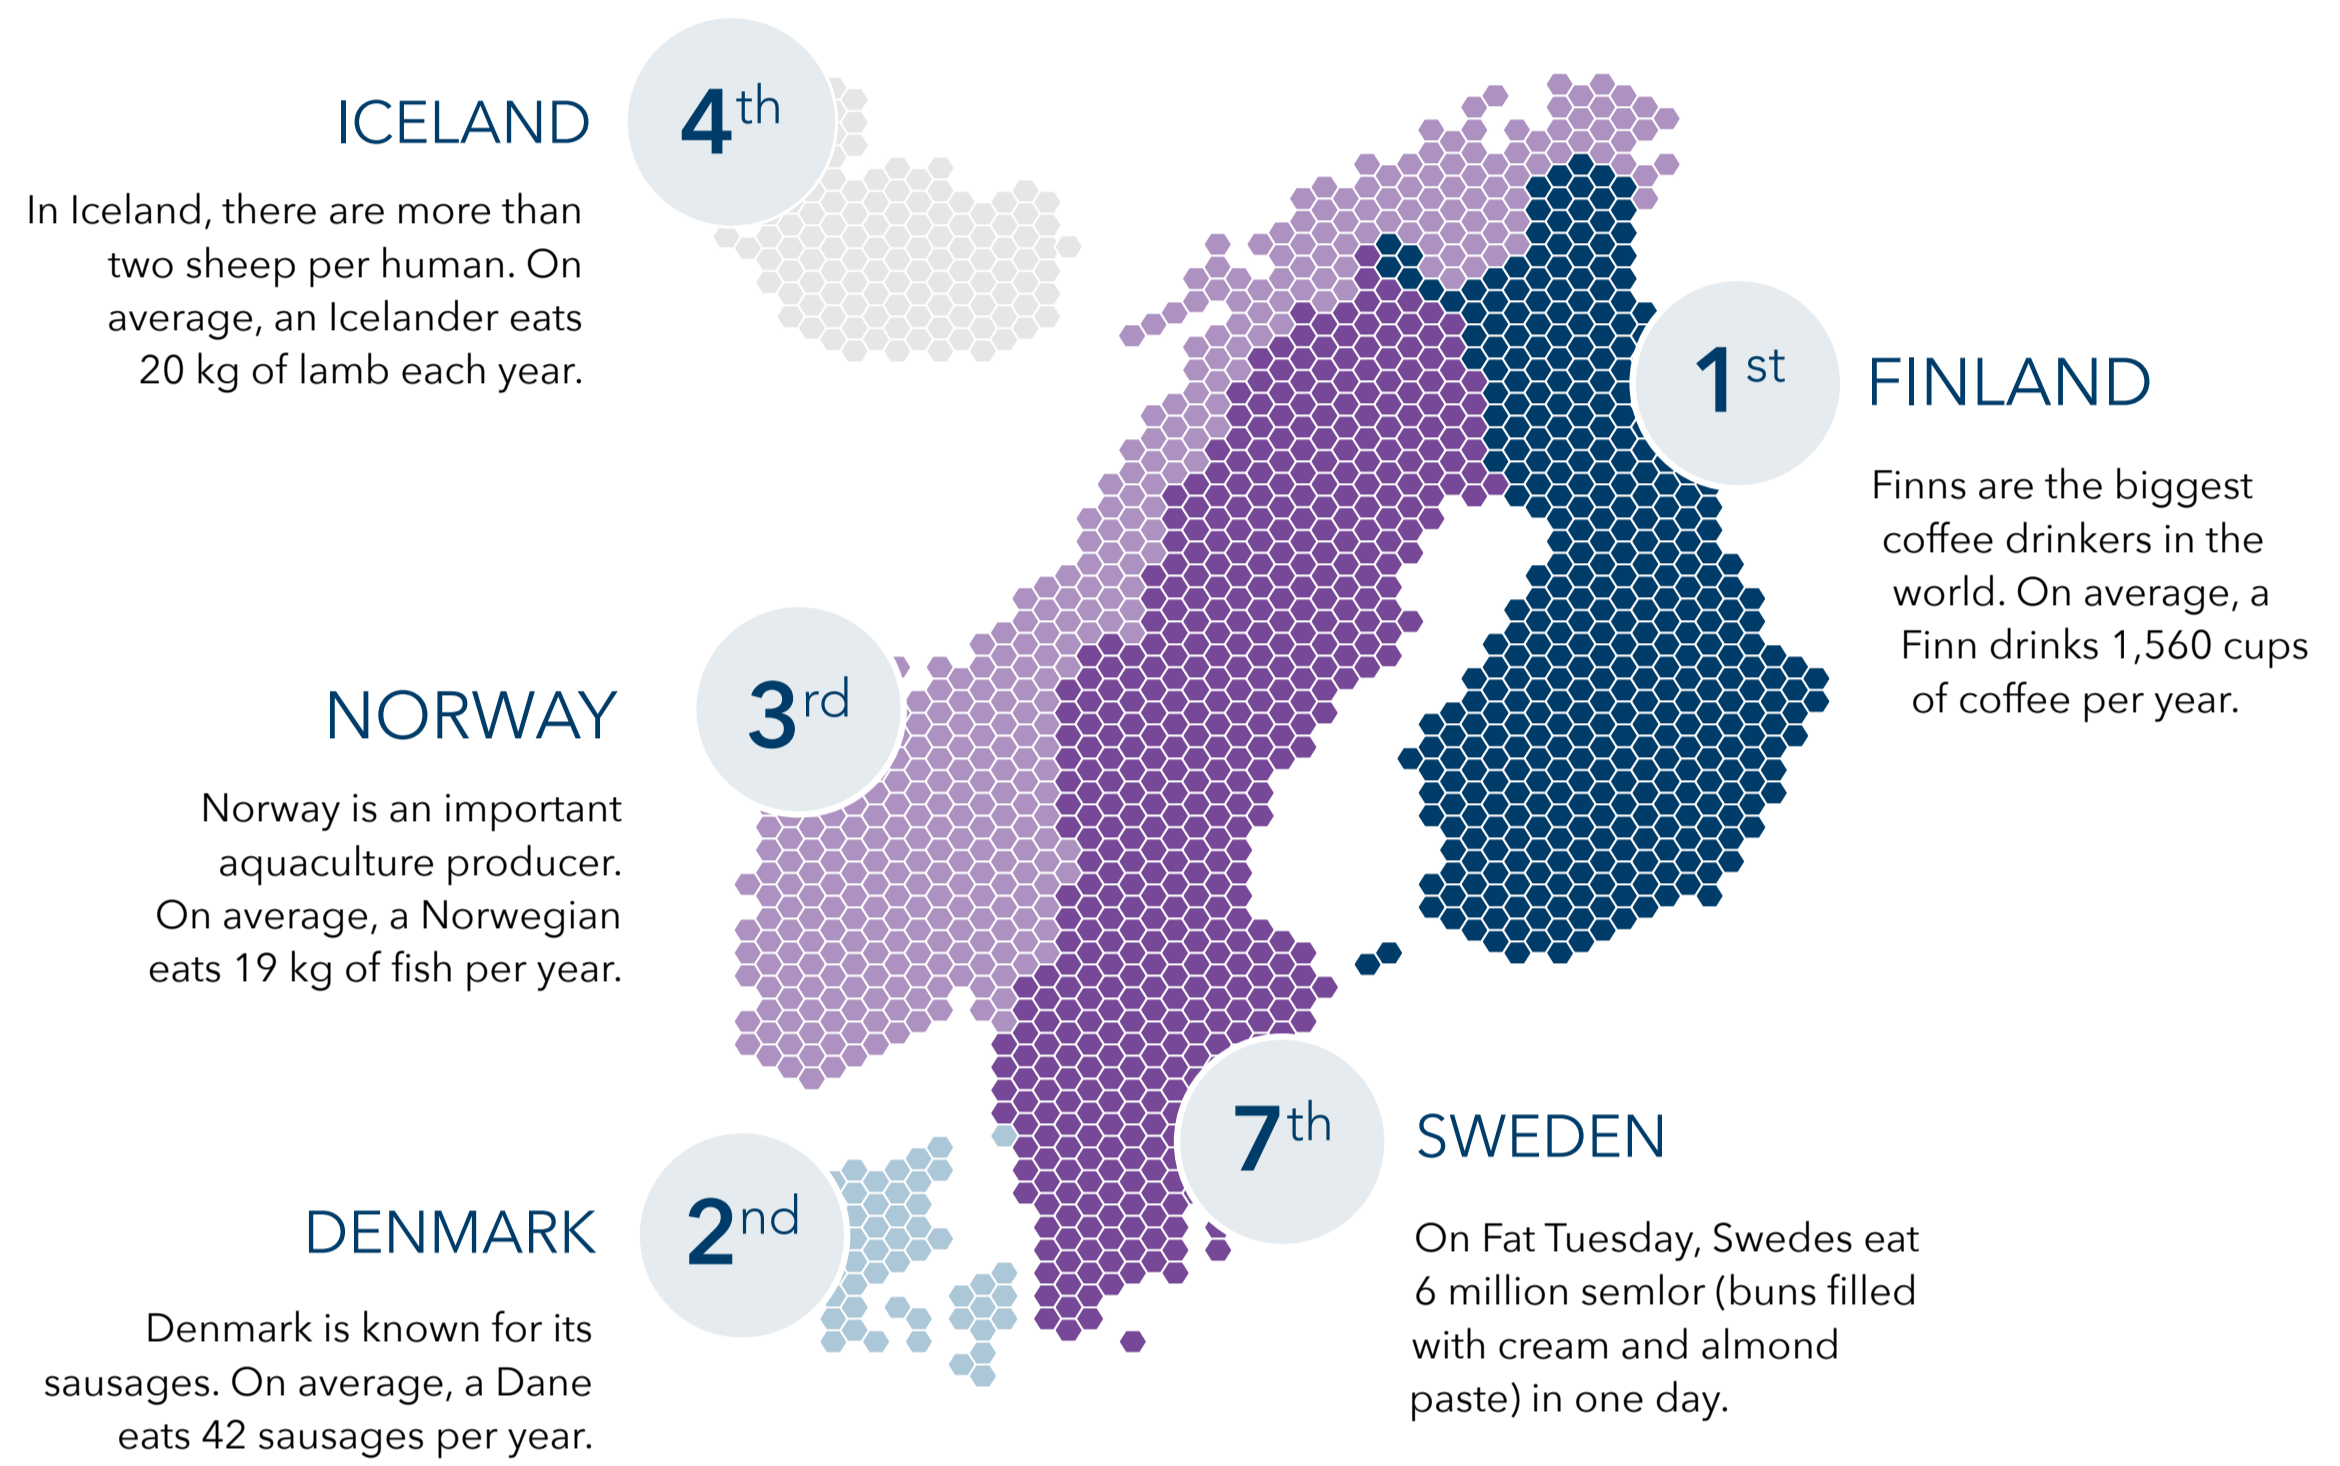

### In the Nordic countries

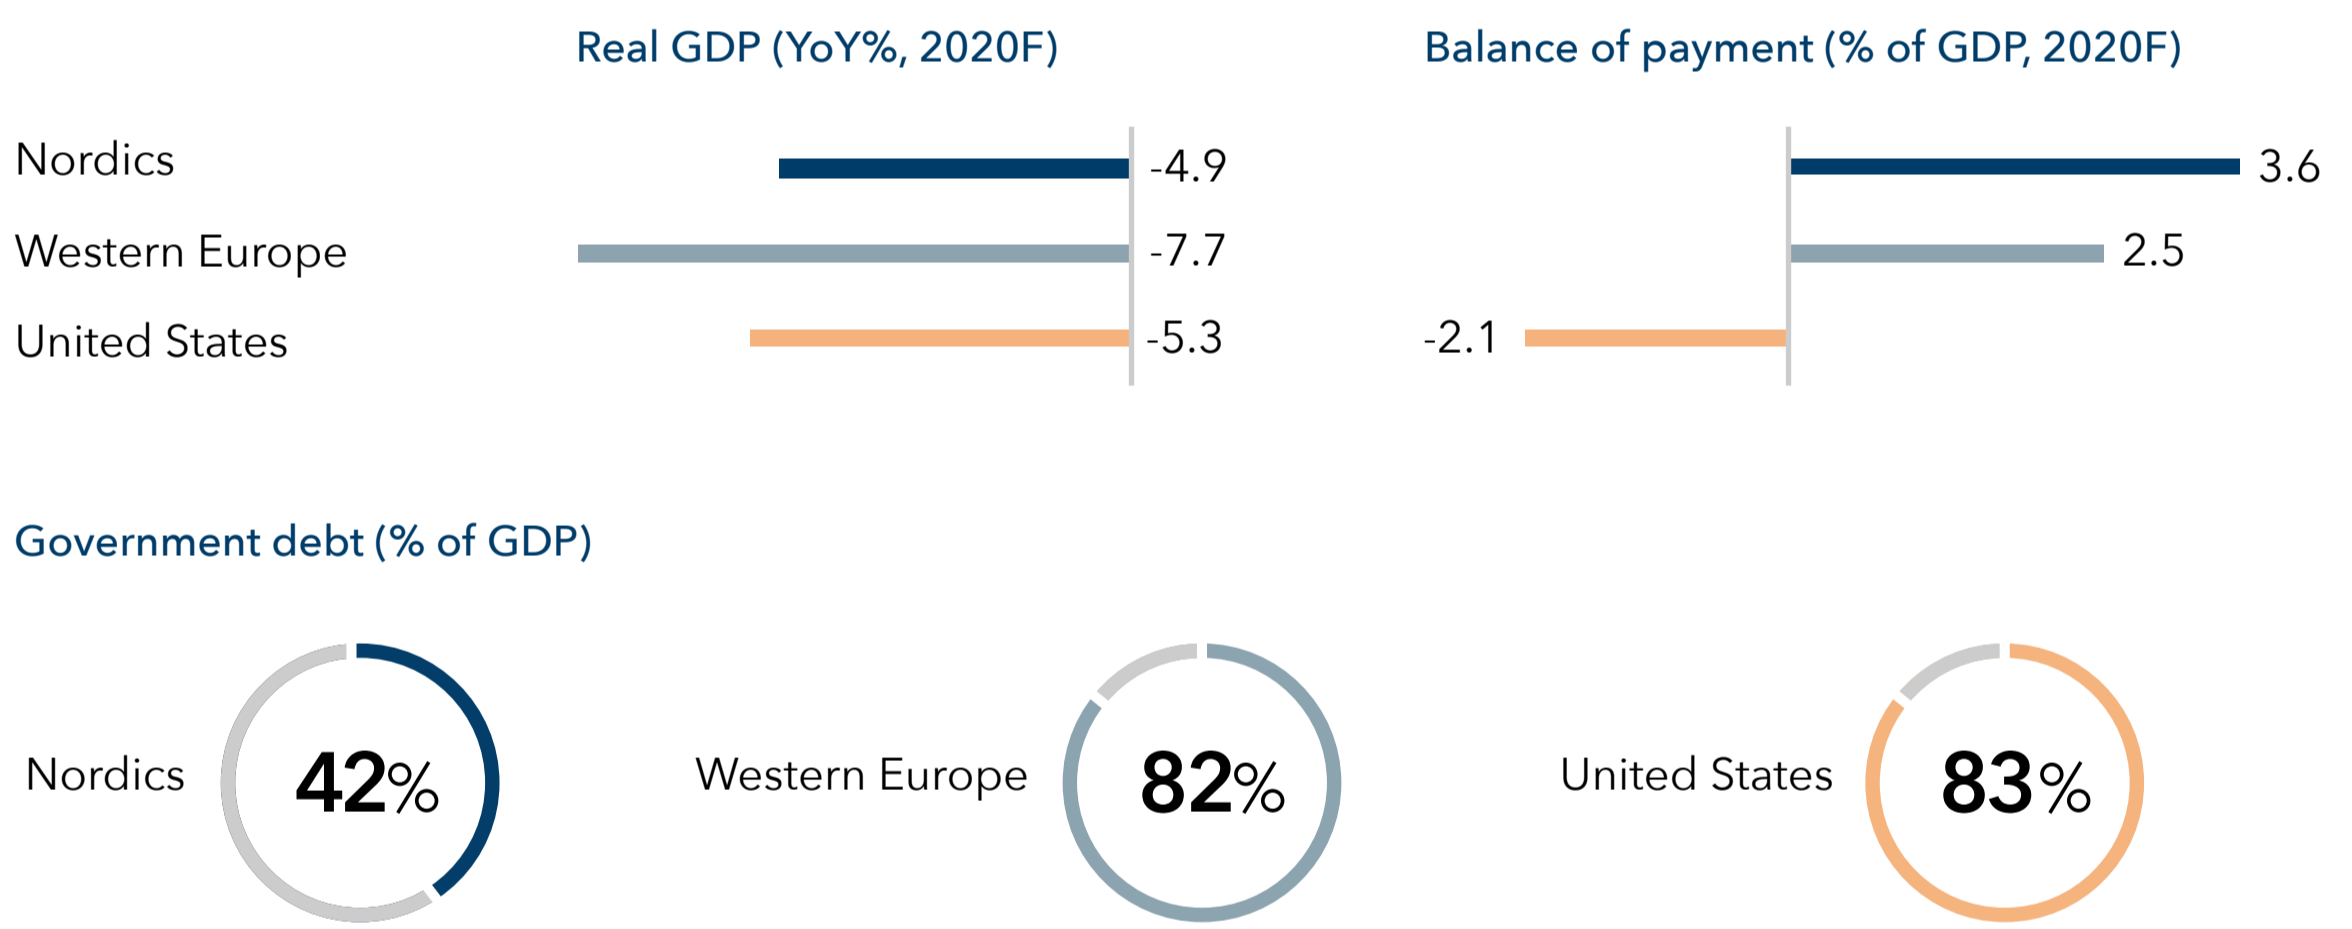

### The Nordic model

The combination of social welfare and economic systems adopted by the region's countries is called the Nordic model. It matches market economy and economic efficiency with social benefits and income distribution.

### Happiest countries in the world

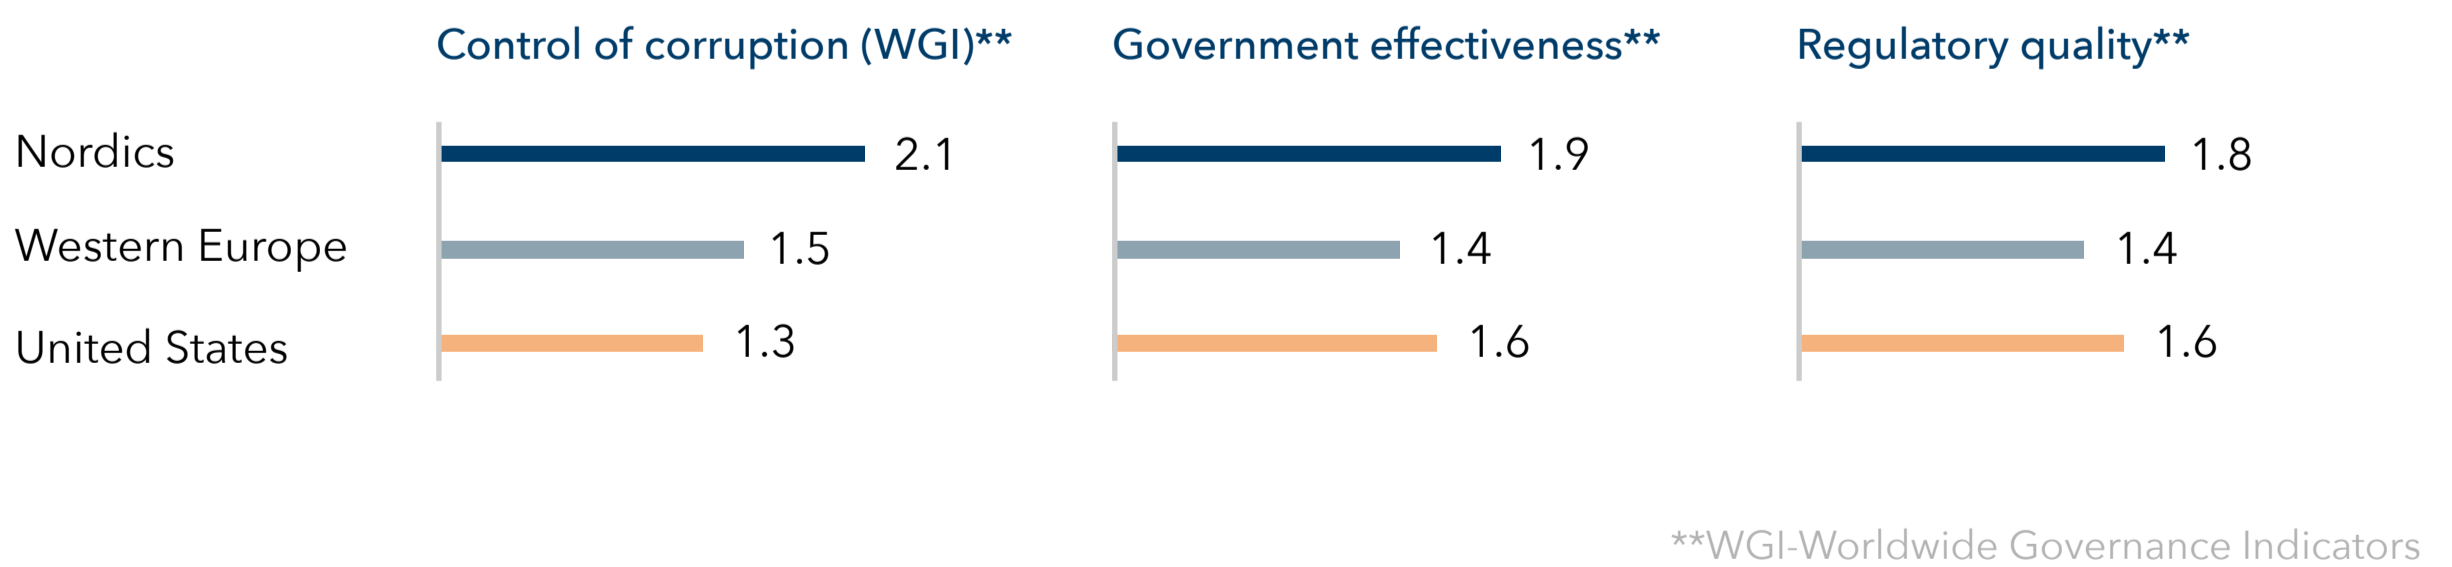

### Stable economy

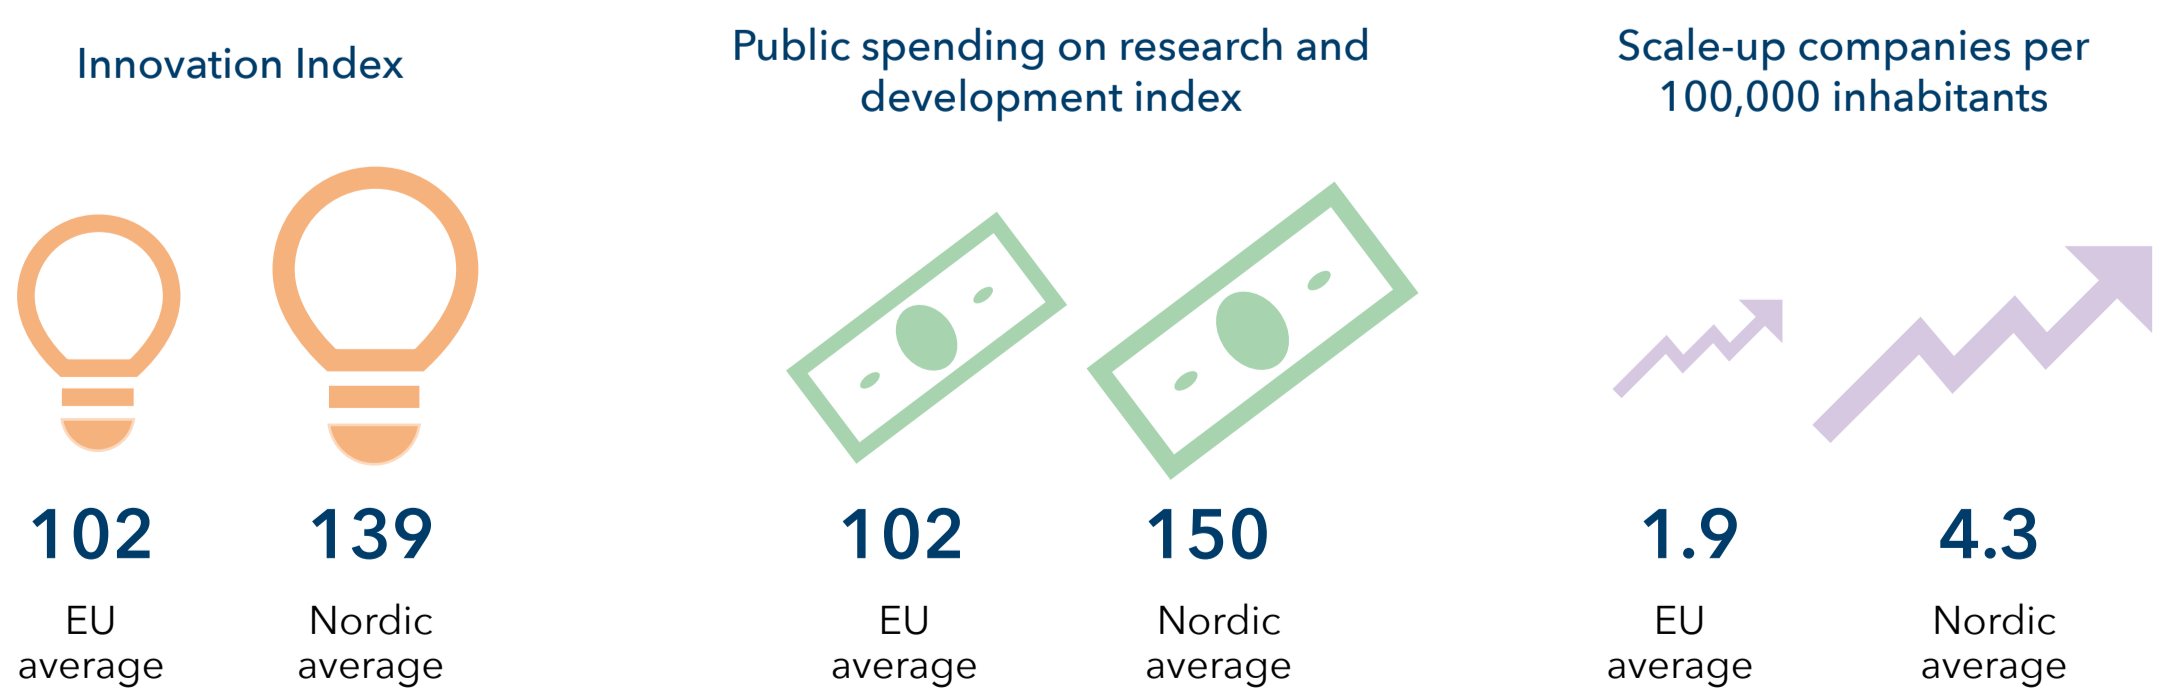

### Easy to do business

### Good governance

### Encouraging innovation
